

Email Threat Intelligence & Forensic Report

Generated: 2026-08-27 13:49:40 UTC | Scan ID: scan_17d7ea558892 | File: pasted_email.eml

100/100
MALICIOUS

Executive Summary:
CRITICAL THREAT: This email exhibits multiple high-confidence indicators of phishing, domain spoofing, or malware delivery. Do not open attachments or click links.

1. Header & Identity Metadata

Subject:	FINAL NOTICE: Overdue Invoice #INV-88391 - Account Suspended Pending Payment
From:	Accounts Billing Department <billing@supplier-quickbooks-portal.top>
To:	accounts-payable@organization.com
Date:	Thu, 27 Aug 2026 08:30:12 +0000
Return-Path:	nobody@185.220.101.5
Originating IP:	185.220.101.5
Total Relay Hops:	1

2. Email Authentication Matrix

Protocol	Header Result	DNS Record Discovered
SPF (Sender Policy Framework)	FAIL	No published SPF TXT record
DKIM (DomainKeys Identified Mail)	FAIL	No DKIM signature found
DMARC (Domain-based Auth)	FAIL	No published DMARC record (_dmarc)

3. Explainable Risk Signals Triggered

Signal Name	Category	Severity	Weight	Description
SPF Authentication Failed	AUTHENTICATION	HIGH	+30	The sending server IP is NOT authorized to send emails on behalf of this domain.
DKIM Cryptographic Signature Invalid	AUTHENTICATION	HIGH	+25	DKIM signature check failed; email body or headers may have been modified in transit.
DMARC Policy Alignment Failed	AUTHENTICATION	CRITICAL	+30	Email failed DMARC validation against the sender domain's published security policy.
Header Domain Mismatch (From vs Return-Path/Reply-To)	SPOOFING	HIGH	+25	From domain (supplier-quickbooks-portal.top) != Return-Path domain (185.220.101.5)

High IP Abuse Score (88%) on AbuseIPDB	THREAT_INTEL	CRITICAL	+35	The originating IP (185.220.101.5) has 142 recorded abuse reports for spam/malware/attacks.
Sender Domain Flagged Malicious on VirusTotal (9 engines)	THREAT_INTEL	CRITICAL	+40	Domain 'supplier-quickbooks-portal.top' is identified as malicious by security vendors.
Embedded Link Flagged Malicious (1 URLs)	THREAT_INTEL	CRITICAL	+40	VirusTotal engines detected known malicious / phishing links in the email body.
Social Engineering & Urgency Indicators Detected	CONTENT_ANALYSIS	MEDIUM	+15	Trigger phrases detected: account has been suspended, overdue invoice, final notice

4. Threat Intelligence & IP Geolocation

Origin Location:	Brandenburg an der Havel, Brandenburg, Germany (DE)
ISP / Autonomous System:	Stiftung Erneuerbare Freiheit (AS60729 Stiftung Erneuerbare Freiheit)
Coordinates (Lat, Lon):	52.6171, 13.1207
AbuseIPDB Confidence:	88% (Reports: 142)
VirusTotal Domain Flag:	9 malicious / 90 engines (Reputation: -30)

5. Extracted Links & Defanged URL Forensics

Defanged Destination URL	Anchor Text	Security Flags
hxxp[://]invoice-download-verify[.]top/download[.]php?id=9921	Download Overdue Invoice PDF	• Suspicious high-risk TLD (.top)
